

COMPLIANCE COUNTS!

Health Partners Plans (HPP) promotes a culture of ethical conduct and a commitment to compliance. Nothing is more important than conducting our business with

fairness, honor,
integrity
and respect.

It is everyone's responsibility to report actual or suspected non-compliance. With a full commitment to compliance, we can provide our members with the service they deserve.

If it doesn't
seem right,
report it.
Here's how:

Call the Compliance Hotline:

1-866-HPP-ITIT (1-866-477-4848)

The 24/7 hotline is answered by a third-party vendor on behalf of HPP. You have the right to remain anonymous. After giving your report, you will be provided with an ID number that you may use to call back and receive updates of any investigations initiated by HPP.

Email Compliance:

compliance@hpplans.com

Although not anonymous, email may also be used to report issues.
